

# Pupil premium strategy statement

## 2024-2025

This statement details our school's use of pupil premium (and recovery premium for the 2023 to 2024 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

### School overview

Detail	Data
School name	Park Brow School.
Number of pupils in school	444 - 2024 September (awaiting full nursery figures )
Proportion (%) of pupil premium eligible pupils	October 2024 46%
Academic year/years that our current pupil premium strategy plan covers.	2024/2025- 2025-2026
Date this statement was published	September 2024
Date on which it will be reviewed	September 2025
Statement authorised by	Claire Swinburn Head Teacher
Pupil premium lead	Claire Swinburn Headteacher
Pupil Premium Governors	Rev Jeremy Fagan.

### Funding overview

Detail	Amount
Pupil premium funding allocation this academic year  Including Post Lac and EYFS.	£312,000
Recovery premium funding allocation this academic year	£0
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
<b>Total budget for this academic year</b>	<b>£312,000</b>

## **Part A: Pupil premium strategy plan**

### **Statement of intent**

The Pupil Premium Grant is paid to schools to maximise the potential of disadvantaged students.

At Park Brow School our primary aim is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attainers. An 'ethos of attainment for all' (NFER 2015) is vital for our improvement journey, we see pupils as individuals rather than stereotyping disadvantaged pupils as a group with similar problems and less potential to achieve.

We will also consider the challenges faced by our vulnerable pupils, such as those who have a social worker or who are young carers. The activities we have outlined in this statement is also intended to support their needs, regardless of whether they are disadvantaged or not.

Quality teaching along with a strong intent and implementation of the curriculum are at the heart of everything we do, with a focus on areas in which disadvantaged pupils require the most support.

Interventions to reduce barriers to learning are tailored towards the individual needs of our pupils. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school.

Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers.

Our strategy is also integral to wider school plans for education success, notably in its targeted support through intervention for pupils who continue to require support including for our non-disadvantaged pupils. We make evidence -based decisions using assessment information. This is vital for us to review the actions frequently and decide whether to keep, adjust or replace them. Our clear responsive leadership has led to changes in staffing to increase capacity in key areas such as English, Maths, Inclusion, Attendance and Safeguarding.

The approaches we have adopted complement each other to help pupils excel. To ensure they are effective we will:

- ensure disadvantaged pupils are challenged in the work that they are set.
- act early to intervene at the point need is identified.
- adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve

As a school we regularly monitor pupils progress and attainment through a whole school timely approach through pupil progress meetings including representing the whole child i.e. Attendance, Safeguarding, SEND, Class teachers and TA.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils. External Data and trends included within the document are based on the last statutory data of 2024 and ongoing internal data. Evidence is triangulated and based on information gathered for our Self Evaluation and School Improvement Documents.

Challenge number	Detail of challenge
1	<p>Assessments, observations, and discussions with pupils indicate underdeveloped oral language skills and vocabulary gaps among many disadvantaged pupils. In particular communication and language difficulties in EYFS remain a focus area.</p> <p>Wellcomm data indicates that pupil's communication, language and interaction is significantly below age expectations on entry to Nursery.</p> <p>WellComm intervention groups have been running daily during Reception 2024 and this has impacted on attainment and progress. 63.6% of pupils are at expected for Listening and Attention, a 25% increase on Autumn term attainment.</p> <p>40% of our SEND pupils are on our register for communication and interaction. Pupils across EYFS and KS 1 receive specialist speech and language support almost all of whom are disadvantaged pupils.</p>
2	<p>Assessments, observations, and discussions with pupils suggest disadvantaged pupils generally have less opportunities to read at home at an early age; this creates greater difficulties with their phonics than their peers. This negatively impacts their development as readers.</p> <p>Outcomes for Phonics 2024 are 70%, improving by 13% from last year.</p> <p>Phonics 71% disadvantaged and 68% non disadvantaged</p> <p>Early Reading continues to be an area of focus for our disadvantaged pupils.</p>

**End of Key stage assessments 2023-2024**

End of KS outcomes suggest that the in school gap at the end of KS1 is greatest in reading. Within this academic year the KS2 in school gap is significantly greater across R W and M as compared to KS1 .

**Ks1 Tests are now optional and not reported**

KS1 READING = PP 48.5% 65.4% in school gap 16.9%

KS 1 WRITING PP 39.4% 46.2% in school gap 6.8%

KS1 MATHS = PP 56.3% 57.6% in school gap 1.3% gap

KS2 READING = PP 50% NPP 80 % 30% in school gap

KS 2 WRITING = PP 43% NPP 80 % 37% in school gap

KS2 MATHS =PP 50% NPP 76 % 26% in school gap

**Key Stage 2 Attainment**

End of KS2 Assessments during 2023/24 suggest that the performance of disadvantaged pupils was lower than in the previous 3 years in key areas of the curriculum (English , reading and writing).

The greatest gap was in writing where 43% of disadvantaged pupils achieved expected compared to 80% for non-disadvantaged at the end of KS2.

In reading 50% of disadvantaged pupils achieved expected compared to 80% of non-disadvantaged a gap of 30%

The narrowest gap of 26% was in maths with 50% of disadvantaged and 76% of non-disadvantaged achieving the expected standard.

4	<p>Students who are Disadvantaged, SEND, LAC, EAL or Vulnerable.</p> <p>87% of our pupils live in the top 10% of deprivation according to the IDACI profile (Income Deprivation Affecting Children Index Profile).</p> <p>At Park Brow School 20.4% (95 pupils) of our pupils have SEND. 79% of our SEND pupils are disadvantaged.</p> <p>4.8% (23 pupils) have an EHCP ( 20 of whom are disadvantaged)</p> <p>CLA – currently we have 1 pupil that is looked after who is disadvantaged.</p> <p>Of the pupils that are within the safeguarding remit, 100% receive pupil premium.</p> <p>The number of pupils entering Nursery with complex and undiagnosed SEND needs has increased over the last two years. This has resulted in the need for additional staff support and the completion of early assessments at the start of EYFS and Starfish (2 year old provision)</p>
5	<p>Our assessments, observations and discussions with pupils and families have identified social and emotional issues for many pupils, notably resilience, independence and anxiety, and a lack of enrichment opportunities during school closure. These challenges particularly affect disadvantaged pupils and their attainment.</p> <p>Teacher referrals for support have markedly increased.</p> <p>23 pupils (21 of whom are disadvantaged) currently require additional support with social and emotional needs.</p> <p>Parental requests for support with pupils SEMH needs at home has increased following the pandemic.</p> <p>21 % of pupils who have SEND are on our register for SEMH.</p>
6	<p>Our attendance data in 2023-2024 years indicates that absence among disadvantaged pupils has been on average 5% higher than for non-disadvantaged pupils.</p> <p>64.63% of our persistent absentees (PA) pupils are disadvantaged compared to 35.37 % who are non-disadvantaged.</p> <p>Our assessments and observations indicate that absenteeism is negatively impacting disadvantaged pupils' attainment</p>

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improve oral language skills, communication and language and vocabulary among disadvantaged pupils.	<p>Assessments and observations indicate significantly improved opportunities to develop oral language and vocabulary in English and across the whole curriculum for our disadvantaged pupils.</p> <p>This is evident when triangulated with other sources of evidence across the curriculum, including engagement in lessons, book scrutiny, working environments, pupil voice and ongoing formative assessment (focus on Steps to Read, Ready, steady Write and Supersonic Phonics, basic skill sentence stem interventions).</p> <p>Progression documents indicate clear focus areas for each year group.</p> <p>Pupils receiving Chatty Therapy -targeted support, Chatty Therapy whole school interventions, Talk Boost and WELLCOMM intervention will show improved confidence and outcomes from their starting points in all areas of language acquisition including speech.</p> <p>EYFS Teacher CPD - ELKLAN &amp; through Northwood Project/Cradle to Career - supports the speech, language and communication of pupils.</p>

<p>Improve outcomes in Writing among disadvantaged pupils. To close the gap especially for those who are middle or high prior ability through quality first teaching.</p>	<ul style="list-style-type: none"> <li>KS2 Writing outcomes by the end of the academic year (2024/25) show that more than 72% of disadvantaged pupils meet the expected standard.</li> <li>KS 1 Writing outcomes in 2024/25 show that the gap between attainment for our disadvantaged pupils and Non-disadvantaged in Writing is significantly reduced.</li> </ul> <p>KS1 writing outcomes in 2024/2025 significantly improve following changes to the transition from EYFS to KS1.</p> <ul style="list-style-type: none"> <li>Progress of our disadvantaged pupils continues to be at least in line with their peers and others Nationally.</li> </ul>
<p>To ensure a greater % of disadvantaged pupils reach the Phonics Threshold.</p>	<ul style="list-style-type: none"> <li>Phonics outcomes in 2024/25 for our disadvantaged pupils continues to be in line with their peers.</li> <li>Phonics outcomes are inline with National as in previous years.</li> </ul> <p>EYFS to KS1 transition action plan shows positive impact within phonics results. Communication and language practice across EYFS to ensure a consistent communication friendly environment to ensure a secure foundation of blending and segmenting of phonics in preparation for year 1.</p>
<p>To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupils.</p>	<p>Sustained high levels of wellbeing from 2024/25 demonstrated by:</p> <ul style="list-style-type: none"> <li>Qualitative data from pupil voice, student and parent surveys and teacher observations.</li> <li>Pupils are quickly identified and receive targeted SEMH/well-being support within school e.g. listening ear, DESTY etc. Referrals reduced.</li> <li>PASS survey is initially completed 2022, analysed and interventions implemented. Outcomes show an improving trend 2023 onwards. Early intervention reduces external agency referrals.</li> <li>Targeted Parents are offered support within school (Triple P), (Family Learning) or signposted for further support. School role developed to support this area.</li> </ul> <p>Continue the successful delivery of the MyHappyMind Scheme, raising the profile though celebration assemblies.</p> <p>A significant improvement on healthy lunch boxes by sharing key information and expectations with parents/carers and pupils.</p> <p>Receive the Silver Accreditation for MyHappyMind School</p> <ul style="list-style-type: none"> <li>A significant increase in participation in enrichment activities, particularly among disadvantaged pupils this is closely linked to our</li> </ul>

curriculum drivers and wider curriculum outcomes of 'promoting possibilities'.

Improve provision for those pupils who are CLA, EAL and SEND ensuring they are supported during lessons and through our Inclusion Team.

To quickly identify and provide support at the earliest opportunity Starfish and EYFS.

- SEND students make progress in line with other pupils.
- CLA meet their minimum target following individual monitoring.
- EAL pupils and parents receive support and targeted Early intervention. Rigorous monitoring of their progress.
- SEND pupils are identified prior to starting school or within EYFS and external or internal targeted support is quickly identified. School role developed to support this area.

Raise attendance of disadvantaged pupils including those who are EAL and SEND.

- Reduction in the percentage attendance between PP and non-PP to less than 2%
- Reduction in the percentage attendance between SEND and other students to less than 2%.
- Evidence of rigorous monitoring of individual disadvantaged pupils attendance with targeted support identified.

This also includes a reduction in lateness.

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

### Teaching (for example, CPD, recruitment and retention) Budgeted cost: £114,875

Activity	Evidence that supports this approach	Challenge number(s) addressed
----------	--------------------------------------	-------------------------------

<p>Embedding dialogic activities across the school curriculum. These can support pupils to articulate key ideas, consolidate understanding and extend vocabulary.</p> <p><b>LITERACY COUNTS – CLOSING THE DISADVANTAGE GAP.</b></p> <p>Development of Reading strategies and comprehension/Writing for our disadvantaged pupils.</p> <p>Staff CPD - To embed Literacy Counts training to develop EYFS Leadership in supporting and embedding Early language and extending vocabulary across all 7 areas in order to improve child development within a broad curriculum.</p> <p>Staff CPD - To raise the attainment for Disadvantaged pupils in Reading and Writing. To embed Literacy Counts – Disadvantaged project for Reading and Writing.</p> <p>Teacher insurance - reduction in cost for absence cover</p> <p>Staff funded through PP - TA, T</p>	<p>There is a strong evidence base that suggests oral language interventions, including dialogic activities such as high-quality classroom discussion, are inexpensive to implement with high impacts on reading:</p> <p><a href="https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/reading-comprehension-strategies">Oral language interventions   Toolkit Strand   Education Endowment Foundation   EEF</a></p> <p><a href="https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/reading-comprehension-strategies">https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/reading-comprehension-strategies</a></p> <p><a href="https://literacycounts.co.uk/training/closing-the-gap-in-reading-writing/">https://literacycounts.co.uk/training/closing-the-gap-in-reading-writing/</a></p>	<p>1,2, 3</p>
--	--	---------------

<p><b>STEPS TO READ</b></p> <p>Continued purchase/replenish of Steps to Read Intervention for Guided Reading across the school including staff CPD.</p> <p>To also enhance pupils access to wide variety of books through the Knowsley Library Traded Service.</p> <p>Restructure of support staff to deliver targeted Reading interventions for Year 3 and 4.</p> <p>Reading solutions purchased</p>	<p>Steps to Read contributes to improve dialogue, vocabulary as well as a systematic approach to teaching reading across the wider curriculum.</p> <p><a href="https://literacycounts.co.uk/steps-to-read/">https://literacycounts.co.uk/steps-to-read/</a></p>	<p>1,2,3</p>
<p><b>READ TO WRITE</b></p> <p>Embed Read to Write Scheme to ensure consistency of writing and provision of high -quality text to also enhance pupil's vocabulary.</p> <p>Staff CPD – to ensure that pupils receive quality first teaching in Writing. Moderation and standardization of writing to be collated and embedded.</p> <p>School Development staff training and development</p>	<p><a href="https://literacycounts.co.uk/resources/read-to-write/">https://literacycounts.co.uk/resources/read-to-write/</a></p>	<p>1,2,3</p>

## SUPersonic Phonics

Purchase of a [DfE validated Systematic Synthetic Phonics programme](#) to secure stronger phonics teaching for all pupils.

Replenish Phonic books to engage disadvantaged boys.

Re-allocation of reading book bands inline with phonic scheme.

TA staff to deliver targeted Phonic interventions for Year 1 and 2.

Provide Supersonic Phonics CPD to new or returning staff.

Provide CPD/support to Parents to ensure they are familiar with Phonics Scheme and are able to support their pupils at home.

Phonics approaches have a strong evidence base that indicates a positive impact on the accuracy of word reading (though not necessarily comprehension), particularly for disadvantaged pupils:

[Phonics | Toolkit Strand | Education Endowment Foundation | EEF](#)

Super Sonic Phonics is our chosen DfE validated scheme. All staff have received training and this is being implemented across the school.

<https://www.supersonicphonicfriends.co.uk/>

2

Enhancement of our maths teaching and curriculum planning in line with DfE and EEF guidance.

We will fund teacher release time to embed key elements of guidance in school and to access NW Maths Hub resources and CPD.

Focus on closing gaps in Mathematical understanding.

Maths Lead release time to support staff.

The DfE non-statutory guidance has been produced in conjunction with the National Centre for Excellence in the Teaching of Mathematics, drawing on evidence-based approaches:

[Maths guidance KS 1 and 2.pdf \(publishing.service.gov.uk\)](#)

The EEF guidance is based on a range of the best available evidence:

[Improving Mathematics in Key Stages 2 and 3](#)

## **Part B: Review of outcomes in the previous academic year 2022-23**

### **Pupil premium strategy outcomes**

This details the impact that our pupil premium activity had on pupils in the 2023 to 2024 academic year. After many years of success at closing the attainment gap for our disadvantaged pupils, a key priority over the next two years will be to reach these levels again following a dip due to the pandemic.

## **Key Stage 2 Attainment**

### **End of Key stage assessments 2023-2024**

End of KS outcomes suggest that the in school gap at the end of KS1 is greatest in reading. Within this academic year the KS2 in school gap is significantly greater across R W and M as compared to KS1 .

### **Ks1 Tests are now optional and not reported**

KS1 READING = PP 48.5% 65.4% in school gap 16.9%

KS 1 WRITING PP 39.4% 46.2% in school gap 6.8%

KS1 MATHS = PP 56.3% 57.6% in school gap 1.3% gap

KS2 READING = PP 50% NPP 80 % 30% in school gap

KS 2 WRITING = PP 43% NPP 80 % 37% in school gap

KS2 MATHS =PP 50% NPP 76 % 26% in school gap

## **Key Stage 2 Attainment**

End of KS2 Assessments during 2023/24 suggest that the performance of disadvantaged pupils was lower than in the previous 3 years in key areas of the curriculum (English , reading and writing).

The greatest gap was in writing where 43% of disadvantaged pupils achieved expected compared to 80% for non-disadvantaged at the end of KS2.

In reading 50% of disadvantaged pupils achieved expected compared to 80% of non-disadvantaged a gap of 30%

The narrowest gap of 26% was in maths with 50% of disadvantaged and 76% of non- disadvantaged achieving the expected standard.

## **Phonics Intervention Year 1**

There was a clear strategy with the phonics interventions, however both disadvantaged and non-disadvantaged pupils were below national. Pupils achieving phonics threshold at 70% in comparison to 2023 increased by 13%

## **EYFS Outcomes**

GLD overall was 52% with 51% of disadvantaged children achieving GLD and 47% of non disadvantaged

CL dropped in both LAU and Speaking. Targeted intervention from Early Excellence and Pathways to success has been scheduled .

## Attendance .

Non-disadvantaged absence is above National at 10.2% ,non -disadvantaged is 6.6% . Disadvantaged pupil's absence is significantly above National. The in -school gap is 3.6% with persistent absentee rates equally high for our disadvantaged pupils 35.6% Non Disadvantaged pupils with PA 18.9%

A particular focus on targeting disadvantaged absence will continue to be a priority for 2023-23 with additional family support.

## **Behaviour**

Our assessments and observations continue to indicate that pupil behaviour, wellbeing and mental health were significantly impacted last year. Pupils displayed high anxiety levels and were unable to understand or regulate emotions. The impact was particularly acute for disadvantaged pupils.

We used pupil premium funding to provide wellbeing support through our continued employment of our Safeguarding and SEMH leads for all pupils, and targeted interventions where required. In 2024-25 we will build on the successes of these interventions and develop a safe space for these to take place and support families with our Family Support worker role.

# Further information

## Additional activity

Our pupil premium strategy will be supplemented by additional activity that is not being funded by pupil premium or recovery premium. That will include:

- embedding more effective practice around feedback. [EEF evidence](#) demonstrates this has significant benefits for pupils, particularly disadvantaged pupils.
- utilising a [DfE grant to train a senior mental health lead](#). The training we have selected will focus on the training needs identified through the online tool: to develop our understanding of our pupils' needs, give pupils a voice in how we address wellbeing, and support more effective collaboration with parents.
- offering a wide range of high-quality extracurricular activities to boost wellbeing, behaviour, attendance, and aspiration. Activities will focus on building life skills such as confidence, resilience, and socialising. Disadvantaged pupils will be encouraged and supported to participate.

## Planning, implementation, and evaluation

In planning our new pupil premium strategy, we evaluated why activity undertaken in previous years had not had the degree of impact that we had expected.

We triangulated evidence from multiple sources of data including assessments, engagement in class book scrutiny, conversations with parents, students and teachers in order to identify the challenges faced by disadvantaged pupils.

We looked at a number of reports, studies and research papers about effective use of pupil premium, the impact of disadvantage on education outcomes and how to address challenges to learning presented by socio-economic disadvantage. We also looked at studies about the impact of the pandemic on disadvantaged pupils.

We used the [EEF's implementation guidance](#) to help us develop our strategy, particularly the 'explore' phase to help us diagnose specific pupil needs and work out which activities and approaches are likely to work in our school. We will continue to use it through the implementation of activities.

We have put a robust evaluation framework in place for the duration of our three-year approach and will adjust our plan over time to secure better outcomes for pupils.
